End of Term 1

It is hard to believe but the first term of our activity year is ending this weekend - and what term it was!

All groups are well settled in their weekly activities and with the new madrichim/ot and we had some fun bigger activities and events as well.

Let's look back at some of what made this term so special!

Rabin Special Activity Day:

At the beginning of November we dedicated a whole activity day to legacy of Itzak Rabin z"l. The day included group activities, whole chapter activities and a special ceremony.

Year opening tiyul (hike):

The highlight of the term was for sure our opening year tiyul. A fun hike through Epping forest where everyone spent quality bonding time in their groups with the madrichim/ot, learned about scouting and nature and of

course
received
their
new
ties!

Our tzofikef members received theirs the following week when they had their tiyul at Darland Reservation.
